SPECIAL

CLOAK and MILLINERY

SALE

Cold weather is here, and if you are in need of a JACKET or CLOAK you must purchase now.

We bought pretty heavy in Cloaks, Jackets and Capes, for Ladies and Children and do not have space to show them up well, so in order to make them move quickly, we will give you a special discount of 10 per cent on every garment in the house. This means quite a saving, as our regular prices were the lowest in the city.

We show all the Latest Styles and Shades.

Our Trimmed Hats and entire Millinery department is strictly up-to-date and will also give you a 10 per cent discount on any hat you may select. If you fail to see anything to suit you, we will trip one to your order and guarantee to please you.

MEET AN AWFUL DEATH

BOILER EXPLOSION KILLS FOUR MEN AND INJURES OVER FORTY OTHERS.

BREAKS SQUARELY IN HALF

One Part of the Boiler Tears Through the Machinery and Woodwork of the Steel Mill and the Other Half Passes Over the Offices and Buries Itself in a Creek Several Hundred Yards From the Scene.

Lebanon, Pa., Nov. 14.—The explosion of a large boiler in scrap puddle furnace No. 3, at the West works of the American Steel Manufacturing company's plant late in the afternoon caused the death of four workmen and about forty others were more or less seriously injured.

The dead are: Jacob Beicker, Walter Turner, James Hissinger and William Oakes.

The boiler exploded without warning, and in an instant the entire place was black with death-dealing debris. The wreck of the nine immense puddle furnaces was complete. Some of the injured, it is believed, cannot live through the night. Women and children thronged the entrance to the works crying and begging to be allowed on the inside.

The exploded boiler was hurled high into the air and passed over the offices, burying itself in the south bank of Quittapahilla creek, several hundred yards away.

It is not known whether the explosion was due to defects in the boiler or not. The boiler, which was of 200-horse power, broke squarely in half, one part sailing through the machinery and woodwork of the mill. The roof collapsed and the flames from the puddle furnaces under the wrecked boiler set fire to the debris. The fire force of the company, however, had the flames extinguished in fifteen minutes.

FORTY STILL MISSING.

Ninety Persons So Far Saved From Elingamite Wreck.

Wellington, N. Z., Nov. 14.—Forty persons who were on board the British steamer Elingamite, which was wrecked Nov. 9 on one of the Three Kings islands, off the north coast of New Zealand, are still missing in spite of the careful search which has been and is still being made of the coast and islands adjacent to the scene of the wreck. Wreckage from the Elingamite has drifted to a great distance from the point where the ship was lost.

The ninety survivors of the Elingamite, who were rescued two days ago, had a painful experience. They spent three days on a barren island, where they had to subsist on shellfish until they were rescued by a passing steamer.

TEACHER AND PUPILS STUNNED.

Wisconsin Schoolhouse Struck by Lightning and Burned.

Oconto, Wis., Nov. 14.—The schoolhouse in District No. 4 in the town of Little River was struck by lightning in a thunderstorm during the day and burned to the ground.

The teacher, Miss Edna McDowell, and the pupils were all stunned by the shock, and were rescued from the burning building by a gang of laborers.

One of the children, a little girl, is badly burned about the body, but will recover.

One of the laborers who had taken shelter in the building had one shoe completely riddled with holes by the bolt, but escaped unhurt.

HURLED INTO ETERNITY.

Two Little Girls Killed by a Driving Shaft at Dickinson, N. D.

Dickinson, N. D., Nov. 14.—Two German girls, twelve years old, while playing near the engine house of the Mandan Mercantile company's elevator, went too near the main shaft, running the elevator machinery, and in less than five minutes were hurled into eternity. One was caught first, and the other, in trying to rescue her playmate, sacrificed her own life. Those first to the scene found one of the children still bound to the shaft while the other had been thrown some distance. Their heads were beaten to a jelly.

FREIGHT TRAINS COLLIDE.

One Man Killed and Two Injured Near Sullivan, Mo.

Sullivan, Mo., Nov. 14.—A head-on collision between freight trains occurred on the Frisco railroad two miles from here during the day, killing one man and injuring two.

John Martin, fireman, was killed. The cause of the accident is not known.

Gasoline Explosion Injures Five.

Toledo, O., Nov. 14.—A gasoline lamp in the general store of Stiles & Wekerley at Whitehouse, this county exploded and five out of eight persons in the store were badly burned, one probably fatally. Only slight damage was done by the flames.

READY TO BEGIN HEARING.
Anthracite Coal Strike Commission Assembles at Scranton, Pa.

Scranton, Pa., Nov. 14.—All the members of the anthracite strike commission are now here and in readiness to begin hearing the differences existing between the miners and their employers. The sessions of the commission will begin in the morning at 10 o'clock in the Lackawanna county court house. Two sessions will be held each day. Most of the representatives of the contending parties are also on the ground. Each side will have an army of attorneys, and it is expected that at least two weeks will be taken up in hearing the witnesses on each side. President Mitchell, representing the miners, will probably open the proceedings with a formal statement in which he will present the case of the miners to the commission. It is understood his statement is rather long, and it will take him fully an hour to deliver it. Following this formal presentation of the miners' side of the issue, it is expected Mr. Mitchell will call witnesses who will be examined by his attorneys, by those representing the coal companies and also by the commissioners. Most of the witnesses will be practical miners, and they will give testimony in support of the demands formally laid before the commission in Mr. Mitchell's preliminary statement of last week. About twenty-five or thirty miners will take the witness stand.

INTERESTING EXPERIMENT.

Frog Poisoned to Show a Jury the Effects of Strychnine.

Camden, N. J., Nov. 14.—A frog was poisoned in court during the day to show a jury the agonies of a human being dying as a result of being poisoned with strychnine. Paul Woodward, who is alleged to have allure two boys, Brice Jennings and Paul Coffin, from this city into the woods and having caused their death with strychnine, was on trial, and Professor Marshall of the University of Pennsylvania was testifying. He took some of the poison extracted from the liver of Paul Coffin and forced it into a live frog. The jury and all others in court became intensely interested, and in a few minutes the frog went into convulsions. The professor explained the action of the frog, writhing, exhibited all the agonies the boy had suffered as he died.

The experiment caused a sensation in the court room.

CANNOT LAND HIS SERVANT.

Luke Wright's Chinese Valet Held at San Francisco.

San Francisco, Nov. 14.—Luke Wright, lieutenant governor of the Philippines, left for the East during the night without a Chinese servant. Lieutenant Governor Wright applied to United States Collector of Customs Stratton for permission to take his Chinese servant ashore with him while he remains in this country, with the understanding that the servant would be taken back to Manila with the official. Collector Stratton denied the request, it being, in his opinion, a plain violation of the terms of the exclusion act. An appeal was made by Mr. Wright to the secretary of the treasury.

SIX CRATERS ACTIVE.

Volcanic Eruption Breaks Out in the Samoan Group.

Auckland, N. Z., Nov. 14.—According to advices received here from Apia, Samoa, via Tonga, a volcanic eruption has broken out in Seavii, the westernmost and largest island of the Samoan group. Six craters are reported to be emitting smoke and flames. In one village in the vicinity the earth is covered two inches deep with ashes.

IT'S UP TO THE BEAR NOW.

President Roosevelt Arrives at the Hunting Grounds.

Smedes, Miss., Nov. 14.—President Roosevelt and his party arrived shortly before 4 o'clock p. m. and in their hunting togs started soon afterwards for the camp on the Little Sunflower river. As the distance is about fifteen miles and the train is rough and bad, the chances are that it will be after dark before they reach the camp.

COLOSSAL COLUMN OF FIRE.

Volcanic on Stromboli Island Begins a Terrible Eruption.

Rome, Nov. 14.—The volcano on Stromboli island (off the north coast of Sicily) has commenced a terrible eruption. A colossal column of fire is rising, and incandescent stones are being emitted from the craters. Many houses on the island have been destroyed.

ROUTED THE TRIBESMEN.

Kabyle Insurgents Defeated by Governor of Tetuan.

London, Nov. 14.—Special dispatches received here from Madrid say the governor of Tetuan, at the head of 1,000 men, marched out against the Kabyle insurgents and, after five hours' fighting, succeeded in routing the tribesmen.

HIS EFFORTS UNSUCCESSFUL.

Spanish Minister Unable to Form a Concentration Cabinet.

Madrid, Nov. 14.—All efforts to form a concentration cabinet have failed, and Senor Sagasta has not begun an attempt to form a homogenous Liberal ministry.

ST. VITUS' DANCE.

"We have sold many dozens of Dr. Fenner's Almanac or Cook Book—Free."

"I had been afflicted with an aching back and severe pain across my kidneys and scalding urine for several years. Could not get out of bed without help. I could not sleep down and pick up a pin. After using Dr. Fenner's Kidney and Backache Cure I could walk, sleep and eat well. Yours truly,

FEDERATION OF LABOR

PRESIDENT GOMPERS DELIVERS AN IMPASSIONED WARNING TO THE CONVENTION.

HE COUNSEL'S MODERATION

Maintains That the Future of Trade and Labor Assemblies Is Seriously Endangered by the Conflicting Claims of Jurisdiction — Mayor Jones of Toledo Also Entertains the Delegates With an Address.

New Orleans, Nov. 14.—President Samuel Gompers, at the opening of the American Federation of Labor convention during the day, delivered an impassioned warning to the members that the future of trade and labor assemblies was seriously endangered by the conflicting claims of jurisdiction made by different bodies. Unless such things were approached in calmness and handled with moderation, he declared, the labor organizations of the country would soon be involved in a conflict which would, by comparison, dwarf all the struggles in which labor organizations have so far been engaged. The matter would, unless checked, he asserted, come to a point in which laboring men would fight with laboring men from behind barricades in the manner in which men deal with their mortal foe. I am warning of danger and his counsels of peace and moderation met with a hearty response from the assembled delegates and wild applause greeted the speaker as he closed that portion of his annual address in which he had pointed out the perils which, in his opinion, will assuredly come unless methods are altered and altered soon.

The first day of the convention, aside from the address of President Gompers, was not of great interest to outsiders, and many delegates found it fatiguing. The morning session was occupied with addresses of welcome and responses and the report of the committee on credentials. The afternoon was consumed by the address of President Gompers, which occupied him

THE DAILY DISPATCH.

BY INGRISOLL & WIELAND.

E. C. GRIFFITH, City Editor.

Entered at the post-office at Brainerd, Minn., as second class matter.

SUBSCRIPTION RATES.

One Week.....Ten Cents
One Month.....Forty Cents
One Year.....Four Dollars

FRIDAY, NOVEMBER 14, 1902.

Weather.

Cloudy tonight and tomorrow. Snow.

ROOSEVELT is bear hunting in Mississippi. It is hoped his trip will not be bare of results.

THE DISPATCH does not consider it an exhibition of moral courage to make dirty insinuations concerning the character of any body.

A REAL live prince, somewhat dark as to color to be sure, but yet a prince, has been elected to congress from the Hawaiian islands.

Now that a limited supply of coal has been received in the city, the average citizen can view the coming of winter with complacency.

NIHILISTS are threatening dire vengeance to Morgan, Sage and other millionaires, unless they dig up a few thousand each. Some one is aching to get their neck stretched.

MORAL and physical cowardice ever go hand in hand. Having admitted himself a physical coward, the general public has long since satisfied themselves of the moral courage of the "willie-boy" editor of the *Arena*.

ACTIONS speak louder than words. The "willie boy" editor of the *Arena* might brag of his moral courage until dooms-day, but his disgustingly cowardly actions known to all, give the lie to his assertions and he is considered the moral and physical coward that he is.

THE United "Daughters of the Confederacy," of Kentucky, object to having "Marching Through Georgia" sang in the public schools, and don't want "Uncle Tom's Cabin" played in the theatres. Some one should tell those Kentuckians the war ended nearly forty years ago.

DEPEW TALKS POLITICS.

DISCUSSES Reciprocity and Predicts Isthmian Canal in Ten Years.

Springfield, Mass., Nov. 14.—Senator Chauncey M. Depew of New York and Congressman Frederick D. Gillett were guests of the Springfield board of trade at Cooley's hotel during the day. Senator Depew, in his address, advocated some scale of reciprocity with Canada, immediate action on the Cuban proposition and the stimulation of commercial relation with the South and Central American republics and with Mexico. He predicted the Isthmian canal within ten years and said America should be ready for it whether by subsidies or otherwise.

Trial of Gormley Begins.

Chicago, Nov. 14.—The trial of James H. Gormley, president of the Masonic Fraternity Temple association, charged with complicity to defraud Cook county of taxes in the celebrated Masonic Temple case, has begun. It is believed a jury will be secured in less time than was required in the Williams case.

LOCAL NEWS NOTES.

William Clark left for St. Cloud this afternoon.

Supt. S. L. Bean returned from Minneapolis this afternoon.

Mrs. P. D. O'Brien left for Minneapolis this afternoon on a visit.

Charles Christ left this afternoon for Sweden to spend the holidays.

Judge Mantor left for Walker yesterday afternoon on legal business.

Tonight the high school glee club will give a dancing party in Walker hall.

Miss Alberta Bean left for Minneapolis this afternoon for a few days visit.

L. J. Cale returned this morning from St. Paul where he has been on business.

Mrs. A. L. Hoffman left for Little Falls this afternoon where she will visit for a short time.

Dr. J. A. Thabes returned last night from Pillager where he went on professional business.

L. W. Batten, of the Iowa & Minnesota Land company, left this afternoon for Iowa on business.

Mrs. Chas. Ekman returned from Staples this afternoon where she has been visiting her husband.

C. N. Parker returned from Minneapolis this afternoon where he has been on business for a day or two.

Editor A. R. Butler, of Bagley, was in the city today for a short time visiting with his cousin, Roy Butler.

Rev. M. L. Hutton returned this morning from Pequot where he visited with Rev. Paul Haight for a day or two.

Supt. E. C. Blanchard, of the Minnesota division of the N. P., was in the city for a short time this afternoon on business.

Graham's orchestra is engaged to play for the N. P. Library association dance at Walker hall on the evening of Nov. 25.

J. W. Willis left this afternoon for Montreal having received a telegram the morning announcing the sudden illness of his mother.

Tonight J. M. Heffner, F. E. Stout and A. M. Cleaves leave for Minneapolis to take in the big Wisconsin-Minnesota football game tomorrow.

The ladies of the Norwegian Lutheran church will give a social at the church on Saturday evening, November 22, at 8 o'clock. Refreshments will be served.

Frank Ashelman, of Fargo, traveling representative of the National Cash Register Co., was in the city yesterday afternoon and this morning on business.

Walter and Bessie Wieland left for St. Paul this afternoon for a few days visit. Walter will take in the big foot ball game tomorrow between Minnesota and Wisconsin.

H. J. Grossman was a caller at the DISPATCH office this morning and exhibited a beautifully mounted grey squirrel, the finest he thinks that has ever been mounted in this country.

W. W. Wood returned this morning from the south where he has been on mining business. He reports a very pleasant trip and states that his mining business there is very profitable. There are several in the city who are interested in a mine in North Carolina.

G. W. Howard left this afternoon for Staples on business.

Mrs. J. C. Atherton left this afternoon for Duluth for a brief visit with friends and relatives.

Howard Isham will be an interested spectator at the big football game in Minneapolis tomorrow. He left for Minneapolis this afternoon.

Mr. Earnest Fagstrom, of Minneapolis, state Sunday school missionary will conduct a special service for boys and girls at the First Baptist church at 10 a. m. tomorrow.

Mr. and Mrs. A. G. Armstrong left this afternoon for Minneapolis to take in the Wisconsin-Minnesota football game. Mr. Armstrong is an ardent Wisconsin man, having attended the university at Madison at one time.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Woods Norway Pine Syrup will cure it.

Another Low Rate Excursion.

To eastern points reached by the Nickel Plate road, will leave Chicago Nov. 11th, 12th and 13th, 1902, at rate of one fare for the round trip, plus \$3. By depositing return portion of ticket with agent of terminal line at destination, a liberal return limit will be granted. John Y. Calahan, general agent, 113 Adams St., Chicago, will be pleased to furnish any additional information.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Furnished rooms to rent at 624, 8th street south. 135

Hundreds of lives saved every year by having Dr. Thomas Eclectic Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

ADVANCE OF 10 PER CENT.

Pennsylvania Railway Company Voluntarily Raises Wages.

Pittsburg, Nov. 14.—Notices signed by J. M. Wallis, general superintendent of the West Pennsylvania, were posted in the offices of the company, Allegheny, during the day to the effect that an advance of 10 per cent would be made in the wages of all employees permanently in the services of the Pennsylvania system east of Pittsburg who are now receiving less than \$200 a month, to take effect Nov. 1, 1902.

Robert Pitcairn, assistant to President Cassatt of the Pennsylvania, said that almost the entire working force of the system east of Pittsburg would be advanced. The announcement of the advance in wages was entirely voluntary. About 12,000 men on the Pittsburg division will be benefited by the raise.

First Vice President Pugh, of the Pennsylvania, speaking of the increase in wages, said the advance was due to the increased business of the company and also to the fact that living is at present more expensive than heretofore. He also said that many employees of the company had not had their wages adjusted for some time and as they had worked faithfully for the interests of the company it was considered only just that they should receive some substantial recognition of their services.

HAD LED A DOUBLE LIFE.

Two Wives Attend the Funeral of an Old Soldier.

Marion, Ind., Nov. 14.—Thomas H. Davis died at the National Soldiers' home Tuesday and during the day two women claiming to be the legal wives of the deceased attended the funeral with their grown children. It was then learned for the first time that Davis had lived a double life for over twenty-five years. It was an affecting scene when the wives wept on each other's breasts while the children made friends with each other.

HARNESS goods, trunks and grips at D. M. Clark & Co's.

DUST TO DUST.

Remains of Mary Coventry Laid to Rest This Afternoon at Evergreen--

The Hastings Funeral.

The funeral of the late Mary Coventry was held this afternoon at 3 o'clock from the family residence on Kingwood street. Rev. M. L. Hutton officiated and the Aeolian quartette rendered the music for the occasion. The floral decorations were profuse and there was a very large attendance of friends of the family. Interment was made in Evergreen cemetery.

The funeral services over the remains of the late G. W. Hastings were held this afternoon at 2:30 o'clock from the home near the Mahnun bridge, Rev. Jas. Clulow officiating. There was a large attendance, including old time friends of the deceased and family. Interment was made in Evergreen cemetery.

C. A. Jamieson arrived in the city this morning from Alaska with the remains of his wife, who died in their faraway northern home on October 29. The funeral services will be held on Sunday afternoon from St. Paul's Episcopal church. Mrs. Jamieson was a resident of Brainerd for sixteen years and she has a large circle of friends here. The remains are at present at Loseny & Dean's where they have been viewed to-day by many friends.

MAY ASK REHEARING.

Attorney J. H. Warner for Alfred Montney Has Not Decided What will

Be Done.

Attorney J. H. Warner, who appeared for Al. Montney in the land contest case against Lenora Doney, has not decided what step will be taken in the matter as he has not seen his client, but he rather thinks that a rehearing will be asked. He will have thirty days in which to ask this request.

It would seem that Judge Fleming had something to do with this case having appeared for Mrs. Doney and he claims his share of the credit for the reversal of the decision. To a representative of the DISPATCH the judge said this morning: "I was the attorney for Mrs. Doney and tried the case for her. That is, I put in the testimony here before Mr. Johnston, the clerk of court. I also prepared and filed a lengthy and exhaustive brief and argument in the case with the land department. Upon this evidence and brief the case was finally disposed of at Washington. Somebody else may have given notice of appeal, or it may have been considered without notice."

FOOT BALL GAME SCHEDULED

Between a Team of All Stars of This City

and a Team from Little Falls

Next Sunday.

There will be a game of foot ball at the Brainerd Athletic Park on Sunday afternoon commencing at 3 o'clock between an all star eleven of this city and the Little Falls team. It is reported that the local team has been very busy for sometime practicing and they will put up a good game.

Harness goods, trunks and grips at D. M. Clark & Co's.

BOLIN & WOOD BUYS OVER SIX MILLION

Feet of Pine at the Big Stumpage
Sale Held at Duluth on Wednesday of this Week.

LOG AND SAW IT THIS SEASON.

What Large Logging Firms Expect to do the Coming Season in Their Line.

F. C. Bolin, of the firm of Bolin & Wood, has returned from Duluth where he went to attend the big sale of stumpage land held in that city by State Auditor Dunn a few days ago. Mr. Bolin representing the firm made one of the largest deals at the sale. He bought the stumpage on a section of land north of Duluth upon which there are 6,175,000 feet of logs according to the government survey. When cut out, however, it is thought it will run higher than that. Some of this brought as high as \$10.60 per thousand foot stumpage and the investment stands Bolin & Wood \$60,000.

Mr. Bolin seen this morning states that he expects to log and saw most of the timber the coming season.

It is reported that he had been offered \$10,000 cash for his bargain, but he refused it.

The Brainerd Lumber Co. expects to log some thirty or forty million feet the coming season at some of their old camps north and will also put in that much again in other camps farther away.

The Brooks Scanlon Lumber company, at Scanlon, Minn., will log about 40,000,000 feet of logs northwest of Duluth and in St. Louis county this winter. William O'Brien of St. Paul will put in about the same amount for the Brooks-Scanlon company on the Cloquet river and its tributaries. These operations will give the mill at Scanlon a cut next season of about 80,000,000 feet. Clough & Hurd have taken the contract to bank 40,000,000 feet for the Scanlon-Gipson company at Nicker-son, Minn., where the lumber will be sawed by Chamberlain & Co.'s mill, an interest identified with the Brooks-Scanlon and Scanlon-Gipson companies. Besides the large contracts it is claimed that various contractors

will put in smaller amounts of logs totaling about 20,000,000 feet for the Scanlon-Gipson company.

A report from the Brooks-Scanlon base of operations says that the men are scarce and the highest wages are being made.

The timber is now being cleared off 100 acres on the south end of Bemidji lake, where the Crookston lumber company will this winter erect its large new mill. It is to be in running order in the next six months and will cost in the neighborhood of \$300,000 and, next to the Brooks-Scanlon plant, is intended to be one of the most up-to-date mill properties in the northern part of the state. The timber to be cut at the new mill will come from the head waters of the Mississippi river, and from along the line of the Minnesota & International railway in eastern Beltrami and northern Itasca.

The boom company has ceased operations on the Mississippi river for this season. It is estimated that there are 200,000,000 feet of logs belonging to various Minneapolis concerns that are hung up along the river and will not be taken down until another year. In one drive in the Mississippi river a few miles below its junction with Elk river there is 100,000,000 feet of logs. Early delivery of the logs in the spring will mean a busy opening of the sawing season at Minneapolis.

ESDON ETCHINGS.

Miss Mollie Isles is out on a visit. Mr. and Mrs. Frank Nadeau have returned from Dakota.

Louis Germino and threshing engine reached home Sunday.

Mr. and Mrs. Walker decided to remain in our "bailliwick".

We understand there is to be a dance at the mill the 15th of this month.

It looks a good deal like winter at present writing although as usual, many are not quite ready.

Mr. Geo. Bock is home from the east where he has been visiting his parents and other relatives, the first visit home in fourteen years.

Miss Nora Hammett did not return to her school until Wednesday, last week. She was having a siege with the prevailing influenza.

There was a birthday party at Mr. Taeger's last Saturday evening in honor of their little son's fourth birthday. Those that attended report a pleasant time.

Mrs. Geo. Bock's father accompanied Mr. Bock home, for a visit to his daughter and his son Gus Lusso. Geo. Lusso came also, and has already gone north hunting.

We beg pardon if we have done any serious harm to the Katrine correspondent's feeling, but thought he could not take any exceptions, as it was only his own ideas rehashed.

DAME RUMOR.

MARRIED AT SEATTLE.

Miss Ruth Schoberg, formerly of This City Married to Mr. T. G. Gregson.

The Seattle Mail and Herald, a society journal of Seattle contains the announcement of the marriage of Miss Ruth Schoberg, formerly of this city and Mr. T. G. Gregson, a prominent lawyer of that city. Miss Schoberg was the daughter of Mr. and Mrs. A. P. Schoberg who moved from this city to Seattle not long ago.

Mr. and Mrs. Gregson have gone to Southern California for an extended wedding tour.

Hives are a terrible torment to the little folks, and to some older ones. Easly cured. Doan's Ointment never fails. Instant relief, permanent cure. At any Drug store 50c.

Goods sold on easy terms at D. M. Clark & Co's, largest installment house in the city.

Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all throat, chest and lung troubles. Keep it near, and avoid suffering, death and doctor bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting, it's guaranteed to satisfy by H. P. Dunn & Co., and McFadden Drug Co.

Have you seen the new box paper at H. P. Dunn & Co's.

STILL TALKING ROCK.

Says that the Statement of Street Commissioner Weitzel was Misleading to the Public.

A prominent farmer living a few miles from the city stated last night to a DISPATCH reporter that he thought the statements made by Street Commissioner Weitzel regarding rock are misleading. The farmer said: "He states that the farmers are getting more for rock now than a year ago. He says that they got \$3.50 a cord then, at 12,500 pounds per cord, and that they are getting \$4 now. But he forgets, not intentionally I think, that the size of the cord has been raised 1500 pounds or one-eighth in size. It is not expected that the farmer will get excited by the bluff made that rock can be purchased cheaper at St. Cloud, which statement we also believe to be misleading.

"The farmer who is acquainted with the city council of Brainerd, knows the members are all practical business men, of more than ordinary ability, and when they become fully cognizant of the proposition from the farmer's standpoint, we feel that we have nothing to fear. Commissioner Weitzel well knows that the city council will not allow a dollar of good hard rock money to go to St. Cloud, that can be kept at home to pay for pavement. We also, Mr. Reporter, object to being called a combine; we rather call it merger, one of the crimes of the twentieth century—farmers having something to say about what they will sell their hard heads for."

SEGREGATION OF THE TIMBER.

Secretary Hitchcock Asked to Do Something toward Preserving Lands For Forestry.

The forestry division of the agricultural department has asked Secretary Hitchcock to do something more in connection with the segregation of a portion of the Chippewa timber lands for forestry purposes under the Morris act, says a Washington correspondent. Some time ago the secretary was asked to give an opinion whether it would be necessary to select all of the 231,000 acres to be applied to forestry plans under act, but this decision has not been rendered. Today the secretary was asked to order a resurvey of the lands included in the proposed Lake Winnebigashish forested area, and also to decide whether there could not be a new classification of lands included in the area.

As to the new classification, it is stated that a large portion of the land embraced in the proposed forestry area is swamp—therefore it is neither timber nor agricultural—and that there should be a new classification of the lands to be known as swamp lands. Both the Nelson and Morris acts, however, provide for only two classifications—timber and agricultural—and if there is not enough timber on each forty acre tract to warrant its classification as timber land it, must necessarily be noted as agricultural. The object of the latter inquiry is to determine just how much agricultural land the forestry bureau will have to include in the Winnebigashish reserve. Under the Morris act the bureau is only allowed to select 15,000 acres of agricultural land from that already classified and 1,000 acres from that to be hereafter classified.

The area of agricultural land in the proposed Winnebigashish reserve is considerably in excess of what can be selected under the Morris act, but it will be reduced by flowage when the Winnebigashish dam at the head waters of the Mississippi is completed. The forestry bureau also wants to eliminate the swamp lands from this classification. Then they can go ahead and make the selection in a satisfactory way.

The secretary has referred the papers to Commissioner Hermann for report.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them.

Only 50 cents at McFadden Drug Co., and H. P. Dunn & Co.

MUSIC AND DRAMA.

"THE PENITENT".

The attraction at the Brainerd opera house tomorrow evening is "The Penitent," which play is taken from Hall Caine's famed book of the same name, and while on an entirely different subject from "The Christian," yet preserves all the hallmarks of that author for originality of thought and brilliancy of conception. Stirring scenes follow each other so closely that e'retis auditors have become impressed with the one, other climaxes more startling follow. The play, we are told, is mounted with a splendid scenic embellishment that adds much to the charm of its depiction, and the locale of the story is said to have been followed as closely as the scene painter's art will permit. The company enacting the various roles is a capable one.

Seats for this performance are now selling at Dunn's drug store.

"FRIENDS."

Kentucky has made two notable contributions to the contemporary stage, Mary Anderson and Selina Fetter. The one became eminent in tragedy, the other will probably best remembered for her work in comedy.

When young Edwin Milton Royle was looking over the list of actresses for the role of Fraulein Otto in his play of "Friends," which play will be seen on next Monday evening Nov. 17 at the Brainerd opera house he chose the fair-haired Kentucky woman, who, as her name indicates, has Dutch blood in her veins. Miss Fetter made a hit as the German singer, both with the public and the author, and soon became Mrs. Royle.

"SANDY BOTTOM" LAST NIGHT.

There was just a fair audience at the Brainerd opera house last night to greet the "Sandy Bottom" company. The piece was advertised as one of those beautiful southern plays but there was an absence of any particular beauty. Some members of the cast were very good and the "Sandy Bottom" quartette was a redeeming feature of the performance.

Nettleton sells houses and lots for cash or on easy terms and makes farm and city loans.

Sending Out "Spotters."

The remarkable frequency of railroad wrecks, principally of freight trains on all northwestern roads is causing the operating departments considerable worry, for although every care possible care is being taken, it is not likely that the number of wrecks will be reduced unless the volume of traffic materially decreases or the roads provided with double tracks, says the St. Paul Dispatch. An official said today, in discussing the question:

"The reason so many wrecks are reported these days is because the volume of business has outgrown the capacity of single track roads. There is no relief in sight until second tracks are laid. As far as our road is concerned I think that every care is being taken that human mind can devise, yet, nevertheless wrecks will happen. They are causing general managers considerable worry. I know in one or two cases where matters have become so serious that inspectors are being sent out all over the line just for the purpose of watching train crews, yard crews and telegraph operators to see if they are obeying the rules of the company. The mere fact that these inspectors, or 'spotters' as the men call them, are about, has already caused a marked improvement in the work of the men. Something had to be done and the use of the inspectors seemed the most simple method of producing results."

Luck In Thirteen.

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible fever sore on his leg. Nothing else could. Positively cures bruises, felonies, ulcers, eruptions, boils, burns, corns and piles. Only 25 cents. Guaranteed by McFadden Drug Co., and H. P. Dunn & Co.

SECRETARY SHAW SPOKE.

Banquet to Foreign Visitors Given in
Washington.

Washington, Nov. 14.—A banquet was given at the Arlington hotel during the evening in honor of the representatives of foreign commercial bodies who came to America to attend the dedication of the New York chamber of commerce and who arrived in Washington from the metropolis for a short visit.

In addition to the foreigners there were present Secretary Shaw and Postmaster General Payne of President Roosevelt's cabinet, Admiral Dewey, Generals Corbin, Young and Wood, members of the diplomatic corps and local business men.

The table was set in oval shaped form and was decorated in large yellow chrysanthemums and American Beauty roses.

Mr. A. E. Harten Hepburn, the chairman of the committee on reception of the American chamber of commerce, sat at the head of the table, with Count Cambon of France on his right hand Ambassador Herbert of Great Britain on his left, while to the right and left of the ambassadors were seated respectively Prince Pless and Count Quadt of the German embassy.

Mr. Hepburn introduced the speakers, among whom was Secretary Shaw.

BANKERS' MEETING ENDS.

Indications Point to San Francisco for
Next Gathering.

New Orleans, Nov. 14.—The American Bankers' association has concluded its three days' session and indications point to San Francisco as the next place of meeting. The election will be made at the meeting of the executive council at New York next April. The new officers were elected and installed. In addition to those presented in the convention the executive council at a meeting after the convention elected E. F. Swinney of Kansas City chairman of the executive council; George F. Orde of Chicago, treasurer, and Joseph G. Brown of Raleigh, N. C., to membership on the executive council in place of Mr. Bigelow.

The formal invitation of San Francisco was engraved on a solid gold plate five by four inches.

The only address on the programme during the day was that of Congressman Theodore Newton of Ohio. Under a resolution the president will appoint seven men to investigate the currency question and submit a solution at the next session.

ACQUIRES TWO LINES.

St. Louis and San Francisco Railroad Company Branches Out.

St. Louis, Nov. 14.—The St. Louis and Gulf railway, a line of about 250 miles in the St. Francis basin west of the Mississippi river, and the St. Louis, Memphis and Southeastern railroad, which has about 250 miles of road now in operation and about 180 miles between St. Louis and Cape Girardeau under construction, have been purchased by the St. Louis and San Francisco railway.

These lines give to the Frisco a low grade line between both St. Louis and Chicago and Memphis, and they traverse probably the richest sections of Missouri and Northeast Arkansas.

"DEACON" WHITE RETIRES.

Sells His New York Stock Exchange
Seat for \$80,000.

New York, Nov. 14.—Stephen V. White, familiarly known in Wall street as "Deacon" White, has sold his seat on the New York stock exchange for \$80,000.

BABY SAVES HIS LIFE

KENTUCKY LAWYER CARRIES
HIS CHILD IN HIS ARMS TO
ESCAPE ASSASSINS.

VILLAINS FEAR TO SHOOT

After Staying in His Home Almost
Constantly Since June, J. B. Mar-
cum of Jackson Leaves in Peril of
His Life to Argue a Case in Court
at Frankfort—Slips Quietly Out of
His House by the Rear Door.

Lexington, Ky., Nov. 14.—J. B. Mar-
cum of Jackson, against whose life
numerous plots are said to have been
directed, is in Lexington, en route to
Frankfort to argue a case before the
court of appeals. In fear of assassin-
ation, he left his home by the rear
just before train time, accompanied
by his two sisters and his wife, who
proceeded with him by a circuitous
route to the depot.

Marcum is a trustee of the state college,
attorney for the Louisville and
Evansville road, United States com-
missioner in his district and attorney
for several Southern Kentucky cor-
porations. Until now he had only left
his house twice since last June. With-
in the last few days he has been afraid
to leave his room, he says, having
been warned by a friend that two men
had been stationed in a house com-
manding a view of his porch and were
to shoot him when he followed his
custom of sitting on the porch. He
says that in one room of the house in-
dicated the blind of a front window
had been drawn and the sash raised
several inches.

In support of the sensational state-
ments made by Joseph Feltner in an
affidavit, Marcum says that at a time
when he knew Feltner had no money
or a gun he came to his house one
night and showed him \$35, a shotgun
and shells loaded with buckshot and
told him that a plot had been formed
to assassinate him (Marcum) and
that he had agreed to do the work.

Feltner told him the plan was to
shoot him at dawn the following morn-
ing.

Before becoming afraid to leave his
premises in the early summer Marcum
made a practice of carrying his baby
in his arms as protection. He says he
knows the babe saved his life once
when a man who intended to assassinate
him with a shotgun would not fire.

Jackson has no marshal and no cor-
oner, while the police judge, Thomas
Cardwell, has not left his home in
three months, fearing assassination.
James Cockrell, who was assassinated,
was the last marshal the town had.

The coroner resigned early in the
year and no inquests have been held
over the two dozen men who have
since been killed. At the recent elec-
tion no coroner was elected.

Feltner is now a fugitive in Leslie
county accused of killing Jessie Fields.
He says he will surrender at the close
of this term of court and give bail,
fearing to be tried in Jackson now be-
cause he says he will be assassinated.

DEPUTED MAYOR RETURNS.

Francisco William Given an Ovation
at Tampa, Fla.

Tampa, Fla., Nov. 14.—Francisco
William, mayor of West Tampa, who
was said to be responsible for the
strike in Bustillo Bros. & Diaz's cigar
factory in West Tampa, and who, it
is alleged, was deported to Key West
one year ago by the citizens' commit-
tee, returned to the city during the
day.

An ovation was given him. The
mayor made a speech telling how he
was captured and deported by a com-
mittee from Tampa and had been sent
to Key West. He said he was told
never to return under penalty of
death. He denied having caused the
strike. It is probable the case will
be taken to the courts.

DEAL ABOUT CLOSED.

Rumored Consolidation of All the In-
diana Coal Mines.

Indianapolis, Nov. 14.—The Sentinel
says: A party of leading Indiana
capitalists is now in New York com-
pleting the organization of a combine to
include all the coal mines of Indiana.
It is announced that the project
includes a company to be capital-
ized at \$25,000,000. It is said the deal
is about closed.
